-  POTENTIAL NEW CAR PARKING OR FORMALISING EXISTING PARKING AREAS
-  POTENTIAL PATHS AND TRAILS
-  EXISTING SPORTS FACILITIES

- 31 Improvements to existing soccer facilities on HC Kim Reserve, including an upgrade to the club rooms to meet the needs of the soccer club, eg. upgrade the change rooms appropriate for either male or female use. Improve presentation of Reserve's frontage to Millers Road. Provide better lighting for training. Consider provision of a small, synthetic surface training pitch. Resurfacing of the soccer pitches.
- 32 Construct safety barriers between the Soccer grounds and Melbourne Water easement. Barriers to be visually low impact with plantings of drought resistant, indigenous low plants and canopy trees to soften the view of barriers and easement.
- 44 Address fencing where appropriate throughout the precinct, including replacement of low timber barriers with higher metal rail and timber post barriers (to match existing within the precinct).
- 45 Formalise car parking layouts. Provide safe vehicle drop off bays along Millers Road.
