

19 November 2020

Dear Resident/Business

Works notification: Overnight site investigation works

We're removing the dangerous and congested level crossing at Ferguson Street in Williamstown by building a new rail trench under the road.

Before major construction begins in 2021, we need to complete further site investigations to help inform the construction of the new rail trench.

What we're doing

We'll complete ground investigation works near the Ferguson Street level crossing between Railway Place and Victoria Street from Monday 7 December to Friday 11 December.

During this time, we'll dig into the ground to take samples of the existing ground conditions.

We'll work off-peak at night between 7pm to 7am to minimise impacts to traffic in the area. For more information about where we'll work, please see the map on the next page.

What to expect

For the safety of our crews, lane closures and reduced speeds will be in place on Ferguson Street between Victoria Street and Railway Place while we complete these works. Traffic management will be in place to help guide you through the area safely.

A small site caravan will be temporarily located on vacant land near the North Williamstown Station to ensure workers have access to essential amenities.

We'll take every measure to reduce construction impacts, however you may notice some noise and vibration when machinery drills into the ground.

Health and safety

Early works on the Ferguson Street level crossing removal project are progressing with strict health and safety protocols in place.

The health and safety of our workers and the community will remain our key priority as we undertake works on the Ferguson street level crossing removal project.

We will continue to follow the directions of the Department of Health and Human Services (DHHS) as we safely complete works on this project.

Contact us

Please sign up to our email updates by visiting our website, so we can continue to keep you informed about our works in your area. Our team are regularly updating our website and social media channels.

Alternatively, if you'd like to receive text message project alerts about traffic and constructions disruptions text "**Ferguson**" to **0438 479 376**.

If you have any questions, please do not hesitate to contact us on **1800 105 105** or contact@levelcrossings.vic.gov.au.

Kind regards
