With the new glass service there are now four areas. Your area may have changed.
**NON-COLLECTION DAYS**

Council’s waste collection contractors and disposal facilities are closed on Christmas Day, New Year’s Day and Good Friday. Collection will occur the following day.

**RECYCLING 2.0**

Council is asking residents to separate household waste into four bins. Greater separation of waste at home means less rubbish will be sent to landfill and more materials are re-made into new products. Visit hobsonsbay.vic.gov.au/recycling to download a printable factsheet with information on what can and can’t go in each bin.
